Latest Quotations in the Portland Markets

Complete Market Reports Corrected Each Day Giving the Wholesale Prices of Commodities, Farm Produce and Vegetables.

Portland, Aug. 31.—Hop dealers are still awaiting the conclusion of picking and baling the crop before making further move. The appearance and sale of some small lots of fuggles had no effect, so far as could be learned, on the quiet tone of the market. Foreign advices were without effect on the local market, the English cables stating that picking is under way with favorable weather conditions. The estimated yield, the amount in the brewers' hands, the German outlook and it would seem, every other feature of the foreign situation has been discounted and prices set accordingly.

Reports from New York, California and Washington are without new features. Picking is progressing in California and by next week both here and England will see that work actively pushed.

Checotah, Ind. Ter. writes, April 18,

use Herbine. It has made me sound and

well." 50c. Sold by Hart's drug store.
